

VXi VR12 and VR12F Warehouse Headsets

The convertible choice for voice-directed picking

VR12 and VR12F are rugged, convertible headsets built to meet the hardworking demands of high-noise industrial environments. And with heavy-duty durability and lasting comfort, you're ready to work throughout the day, every day.

VR12 delivers the quality and features you need when working in high-noise industrial settings, and VR12F adds extreme cold-storage functionality making it freezer rated. Whether your environment is normal or cold, VR12 models meet your picking needs.

Both headsets feature a choice of comfortable wearing styles, over-the-head and behind-the-neck, and offer productivity-boosting audio accuracy – perfect for voice-directed picking and speech recognition applications.

Reasons to choose

VXi VR12 and VR12F Warehouse Headsets

- Amazing sound. Hear and be heard**
 Advanced noise cancelling improves productivity, and high-quality audio receivers deliver accurate, easy-to-understand sound. A flexible microphone boom stays in place, delivering optimal sound quality
- Comfort delivered all day, every day**
 Two wearing styles and a lightweight, comfortable design featuring leather-feel ear cushions lets users focus on work, not the headsets
- Rugged and durable**
 Built to last with high-impact plastic, high-quality materials and construction deliver a rugged headset you can rely on
- Connection solutions**
 Connect popular wearable computers and voice-picking devices*, and features G-style (GN Netcom) Quick Disconnect
- One-year warranty**
 Both the rugged VR12 convertible and the freezer-rated VR12F come with a one-year warranty

*A lower cord or adapter is required for connecting the headset to your device.

Features and specifications

*VR12 shown here with over-the-head wearing style.

VR12F Convertible Headset
The VR12F gives you all the features of the VR12, and adds the ability to work in cold-storage environments.

Warranty Specifications

One-year warranty

Environmental Specifications

Drop specification

Multiple 8.2 ft. (2.5 m) drops to concrete across the operating temperature range

Tumble specification

500 3.28 ft. (1 m) tumbles (1,000 hits) at room temperature

Operating temperature

VR12: 41° F to 122° F (5° C to 50° C)
VR12F: -22° F to 122° F (-30° C to 50° C)

Storage temperature

-40° F to 122° F/-40° C to 50° C

Sealing

VR12F: IP54 sealing

Transmit Specifications

Microphone

Low distortion, noise-cancelling electret

Distortion

<3% THD @ 120 dB SPL

Frequency response

50 Hz to 10 kHz

Sensitivity

-54 dB @ 1 kHz at 1" from talk side, VXi reference signal

Current consumption

300 mA max

Operating voltage

DC 1.2 V min. to 20 V max.

Receive Specifications

Speaker

36 mm diameter Mylar

Sensitivity

112 dB ± 3 dB/1 mW

Impedance

300 Ω

Frequency response

300 Hz to 5 kHz

Rated power

40 mW continuous, 100 mW peak

Mechanical Specifications

Cables

Stranded wire, PVC insulation, polyurethane jacket

Connectors

4 pin, angled slide type connector

Microphone boom

Flexible, with positioning memory; swivels 270°

Mounting

Left or right ear placement

Headband

Stainless steel, adjustable; ratchet positioning

Neckband

Nylon, for left-ear mount only

Headset Weight

On headband (no cord): 3.104 oz. (88 g)
With headband and cord: 3.77 oz. (107 g)
On neckband (no cord): 2.176 oz. (62 g)
With neckband and cord: 2.816 oz. (80 g)
